

Serial No. 10/600,359  
Amendment date April 25, 2006  
Reply to Office Action of January 4, 2006

**AMENDMENTS TO THE CLAIMS:**

1. (currently amended) A system for the distribution of available flavors offered by an operator of the system, comprising:

a plurality of consumer workstations linked to a central processing hub;

the central processing hub including means for providing consumers with information regarding flavors, the means for providing including a flavor search system through which a consumer may identify desired flavor based upon a series of input criteria; wherein the criteria include flavor descriptors, flavor legal status chosen from the group consisting of artificial, natural and artificial, natural flavor, natural type and natural WONF, and usage categories selected from the group consisting of bakery, dairy, beverage, confections and oral care; and  
the flavor search system is associated with the central processing hub and includes means for searching available flavors via flavor descriptors and flavor definitions and providing a search results list of available flavors fulfilling the flavor descriptor requirements and the flavor definition requirements.

2-5. (canceled)

6. (currently amended) The system according to claim [[2]] 1, wherein the criteria further includes solubility of the flavor.

7-10. (canceled)
